

**We want our ocean to be healthy, and full of fish and sea creatures of all colors!
What color do you think these fish would be?**

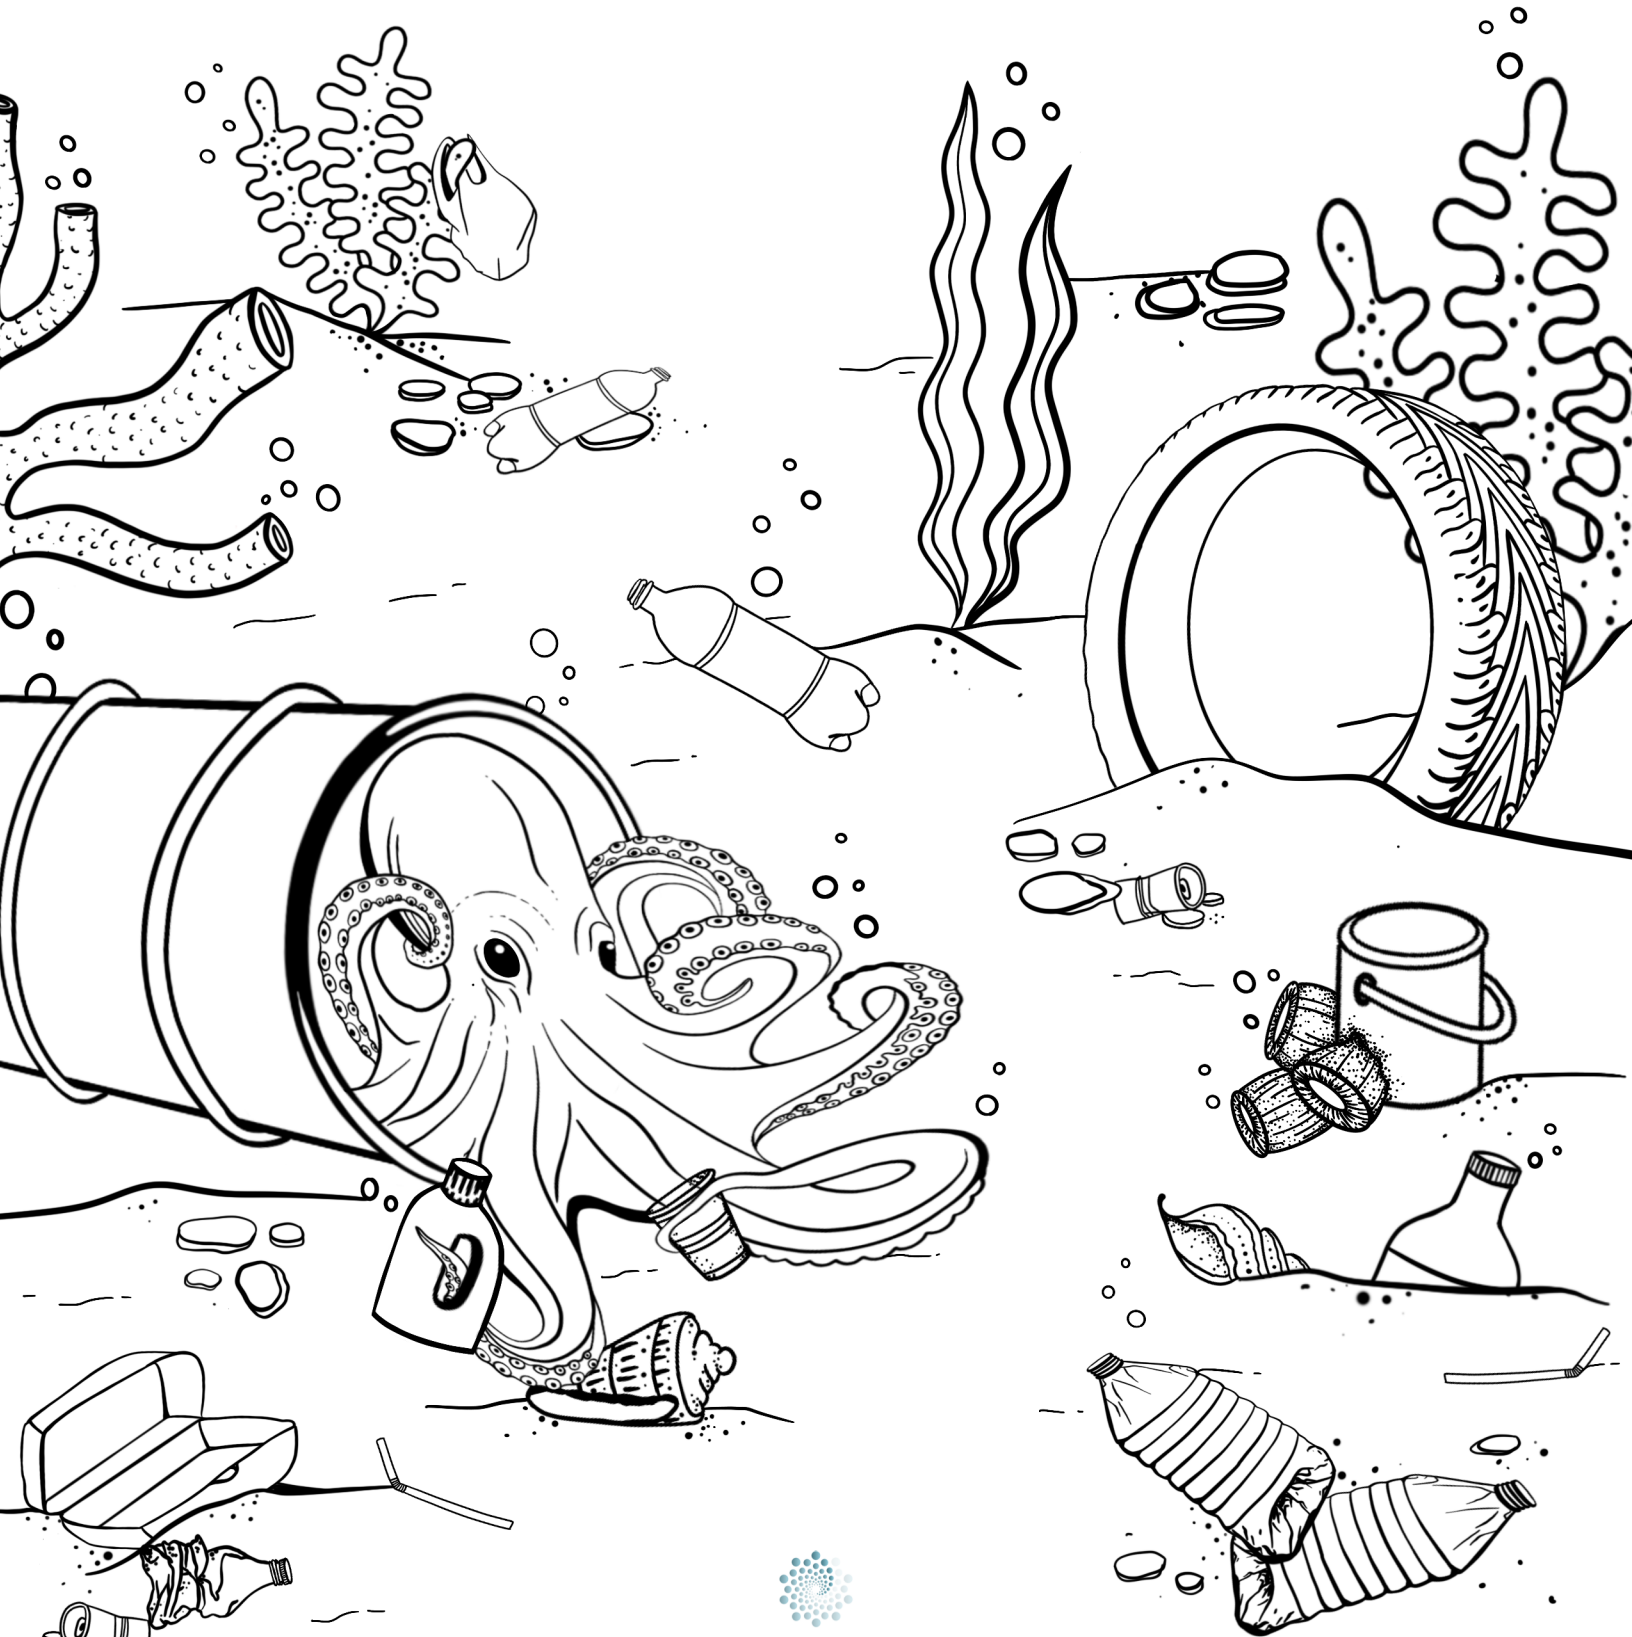

SEACHANGE

**Thanks for helping to keep the ocean colorful!
Want to learn more about SeaChange and what we're
doing to protect the planet?**

In order to keep the ocean full of colorful fish, we need to keep plastic from crowding them out.

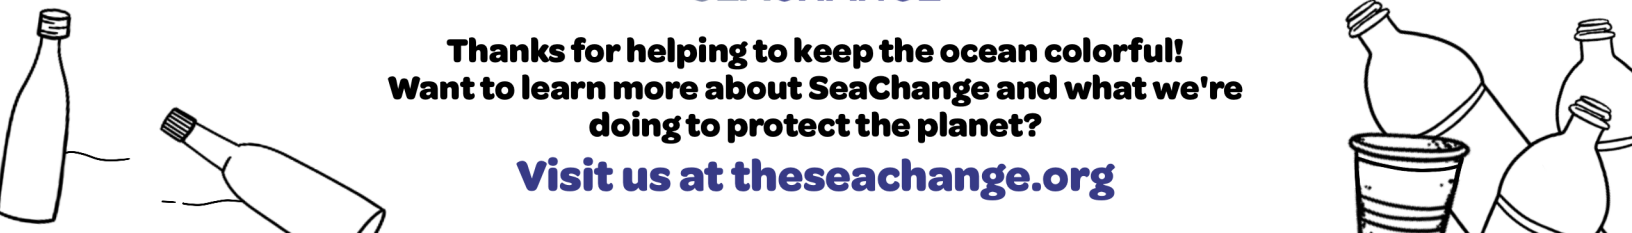

Can you see the octopus between all that trash on the sea floor?
